

Excel Calling Card SM

DON'T LET BUSINESS TRAVEL INTERFERE WITH YOUR BUSINESS

Excel Calling Card SM lets you stay connected no matter where you travel. It's a convenient solution to your communications needs, saving you money on hotel surcharges and collect calling fees. With executive services and international options, Excel Calling Card SM allows you to conduct business from virtually anywhere in the world.

Excel Calling Card SM Features:

- Domestic Service to the United States, as well as Canada, Puerto Rico and the U.S. Virgin Islands
- International Termination to over 240 countries
- International Origination from over 70 countries

Executive Services

With the VarTec Solutions Calling Card Executive Services, you can receive voice mail and faxes, host conference calls, and subscribe to news updates from most locations worldwide.

Voice Mail and Fax Mail — Cardholders can receive and store up to 25 voice messages and 25 faxes. You can even retrieve hardcopy faxes by forwarding your stored messages to any fax machine.

Speed Dial — You may add, change, or delete up to nine different speed dial numbers at no additional charge.

Quick Conference — This feature allows you to conduct conference calls with up to three parties without operator assistance.

Information Services — You can subscribe to receive timely information, including headline news, sports, weather, and financial updates.

Simple Call Re-origination — This feature lets you place multiple calls without hanging up, which saves you time from lengthy redial. To use the VarTec Solutions Calling Card, simply dial a toll-free access number, then listen to the voice prompts for calling instructions.

Card Management Features

Cardholders may customize and manage calling card services by using the following features:

Personal Greetings — You may record or change your personal greeting for the voice and fax mail service at any time.

Help Me “*” — At any time, you may dial “*” on a touch-tone phone to receive help with placing a call or using card services.

Multilingual Prompts — Feature prompts are available in the following languages: English, Cantonese, Spanish, Mandarin, German, Arabic, Japanese, Italian, and French.

About Excel Telecommunications

Excel is a leading provider of long distance, wireless and data services to businesses, resellers and telecommunications dealers worldwide. With strong financial backing and a mission to become the world's largest independent provider of wholesale voice services, Excel is developing the business relationships and strategic alliances it takes to help enable its channel partners to become more profitable in the voice services market.

Comtel Telcom Assets LP, owners of Excel, completed the purchase of substantially all the assets of the assets of VarTec Telecom and its sub-brands, VarTec Solutions, OneChoice and Excel in June 2006.

For more information about Excel Telecommunications products and services, call 800-871-0999 or visit www.excel.com.

Personalized solutions backed by superior customer service.
