

TURN EVERY PHONE INTO A VIRTUAL CONFERENCE CENTER

As a telecommunications carrier, whether you are new to the market or have years of industry experience, strategic and reliable partnerships are an essential key to helping you meet your network requirements. Excel offers a full range of next-generation services to help grow your customer base, enhance your product offerings and ultimately increase your profitability. All of Excel' services are base on the strength and reach of its high-capacity network. Excel is an owner and operator of one of the largest networks in the United States, and also offers worldwide connectivity.

Robust Network Capacity

With a well-established base of diverse customers, Excel has the expertise to deliver superior communications solutions and the stability to maintain long-term business partnerships. The Excel network features POPs throughout the United States and has extensive reach to most international destinations, providing a reliable pathway for carrier communication needs.

Products and Services

Excel offers a comprehensive portfolio of services designed exclusively for facilities and switchless carrier customers.

Domestic and International Voice Services

Excel Carrier Voice Services allow you to connect to a wide-reaching, robust network that millions of users in North America rely on every day. Excel provides 100% coverage to every U.S., AK, HI LATA, connecting your network to customers in every domestic market. Our diverse entrance facilities easily allow you to connect your network to ours. Excel offers flexible billing service and options allowing you to provide your customers with superior service.

About Excel Telecommunications

Excel is a leading provider of long distance, wireless and data services to businesses, resellers and telecommunications dealers worldwide. With strong financial backing and a mission to become the world's largest independent provider of wholesale voice services, Excel is developing the business relationships and strategic alliances it takes to help enable its channel partners to become more profitable in the voice services market.

Comtel Telecom Assets LP, owners of Excel, completed the purchase of substantially all the assets of the assets of VarTec Telecom and its sub-brands, Excel, OneChoice and Excel in June 2006.
