

\$0.0390 Interstate Affinity Switched Product

Excel Telecommunications is pleased to announce a new competitive rate plan exclusively for commercial customers. The Excel \$0.0390 Interstate Affinity Switched product will allow you to focus your time and money where it belongs – on the growth of your business locally and globally. With an aggressive U.S. Interstate rate per minute and competitive pricing on data services, your company will receive top quality service with bottom line savings.

Personalized Solutions Backed by Superior Customer Service

Interstate and In-State rates

- No time-of-day restrictions, just savings around the clock
- Rates apply by service type to both 1+ and toll-free calls

Global savings to over 235 countries

- Competitive international rates

Stay connected and save with the Excel Telecommunications Calling Card

- Aggressive domestic and international rates
- International call origination available from over 70 countries

Save more by paying only for the time you use

- Domestic calls carry an 18-second minimum and 6-second call rounding
- International calls and calling card calls carry a 30-second minimum and 6-second call rounding
- Calls from the U.S to Mexico and calling card calls originating overseas carry a 60 seconds minimum and 60-second call rounding

Control expenses through optional account (project) codes and specialized billing reports

- Perfect for tracking projects, budget control and expense charge back
